## OUR ACTIVITIES

Once inside, all kids aged 4-14 can independently explore the city and take part in the activities they choose.

Activity durations range between 5 minutes and 50 minutes.

An average of 4 to 6 activities can be completed during your 4-hour visit depending on the activities you choose.

Take a look at our activities so your kids can prioritise and plan their day out to get the most from it!

### Couriers

Medical Courier is a very important role! Your kid will be responsible for delivering a stem cell donation to the hospital quickly and carefully, making sure it arrives on time. Couriers will learn how a blood stem cell donor is a real-life superhero, helping to save lives!

### Police Academy

We need your kids to help us keep the streets of TinyTown safe. They can join our police force and help us to maintain law and order in the city. After completing the training, they will need to stay vigilant and make sure no laws are broken. Working with their fellow officers they will go out on beat patrol, ready to assist with any emergency calls

### Cooking School

Chefs will learn the art of creating a delicious burger by assembling the layers, adding their very own special burger sauce, and wrapping it up ready to eat later on!

## INFORMATION

What is TinyTown?

TinyTown is an indoor city, run by kids!

Your kids can independently choose from a number of real-life entertaining activities in one safe and secure space.

Designed for children aged 4-14, TinyTown blends learning and reality with entertainment.

Activities range from Doctor, Chef, and Police Officer to Firefighter, Actor and Dancer.

How it Works?

Here your kids will be able to get a fun and realistic insight into the adult world by taking part in a choice of 'jobs' which will earn them our TinyTown currency and then leisure activities such as the Climbing Building, where they will need to spend their money. When your kids earn 75 Shekels they can open a bank account and receive their very own bank card, just like mum and dad!

When you arrive, you and your kids will each receive a security RFID bracelet. Kids also get 50 Shekels and a hairnet to wear underneath any hats or helmets inside the city. If your kids are aged 8 or above, you can check them in and pick them up at the end.

How long are the activities?

Once inside, all kids aged 4-14 can independently explore the city and take part in the activities they choose.

Activity durations range between 5 minutes and 50 minutes
